VOTE ON CALLING UP CIVIL RIGHTS BILL IN SENATE MAY BE REACHED DURING WEEK

Washington (AP)—Southern Democratic senators tentatively agreed today to permit a vote the middle of next week on a motion to take formally the controversial civil rights bill.

Their spokesman, Sen. Russell (D-Ga.), said he was authorized to work out details with Republican leader Knowland (Calif.), sponsor of the motion, and Democratic leader Lyndon B. Johnson (Tex.).

Johnson said he thinks 20 additional senators want to speak before the question of taking up the civil rights bill can be brought to vote in the Senate. He said he hopes such a vote can be reached Tuesday or Wednesday.

Johnson evidently expects the Senate to vote by about 2-1 in favor of the motion by Knowland to call up the bill.

Russell told reporters "there is no possibility of a vote on Sen. Knowland's motion before Tuesday." He added, "I'd prefer to delay it until Wednesday, or even Thursday."

Knowland had said before a breakfast meeting at the White House with President Eisenhower that he favored a vote early in the week—by either Monday or Tuesday.

Knowland left the White House without seeing reporters. Later, however, he told newsmen on Capitol Hill there is no change in the administration's position on the civil rights bill.

"Their recommendations are still their recommendations," he said. "They have never taken the position, however, that there should be any clarifying amendments."

Some congressional Democrats, including Rep. Celler (D-NY) and Sen. McNamara (D-Mich.), have contended Eisenhower is wavering in support of the bill which the House passed last month. Asked if this is true, Knowland replied: "No."

Nearly all Southern Democrats attended the 45-minute meeting in Russell's office.

"We felt we have been fully justified in our debate on the motion to take up," Russell said. "This bill has pursued a very unusual course. There is no committee report on it. We feel justified in putting into the Senate record, at least, an analysis of this bill."

"It's my personal feeling, if something can be worked out, we can conclude discussion on the motion in the middle of next week. I want to discuss it with Sen. Knowland and Sen. Johnson. I have no doubt something can be worked out."

Russell said that "very frankly" opponents of the bill would not be (Turn to Page Nine)

Magazine Pictures Cause Row in Court

Knoxville, Tenn. (AP)—A bitter controversy exploded in U. S. District Court today over pictures taken by Time and Life magazine photographers of the Clinton desegregation disturbances last fall.

Defense attorneys, questioning a photographer, said: "They (the magazines) slanted their pictures to lower and degrade these people."

Grover S. McLeod of Birmingham, Ala., the defense lawyer, gestured toward the 15 Tennesseeans and John Kasper. They are on trial for alleged criminal contempt of court.

The witness was A. Y. Owen, 41, a free-lance photographer from Oklahoma City. He said he is employed by Time and Life.

When McLeod made the statement about the pictures, U. S. Dist. Atty. John C. Crawford Jr. jumped to his feet, shouting objections.

Judge Robert L. Taylor sustained him.

That ends next Thursday has been unofficial until today.

The impressive flag-raising ceremony officially called the jamboree to order.

Four Philadelphians raised the national Scout flag and four from Valley Forge the official jamboree banner on two 35-foot poles standing on either side of the main staff.

Then while the 150-piece band composed of Scouts from Pennsylvania, Delaware, Maryland, Virginia and the District of Columbia continued to play—after the moment's pause—the flags of 62 other nations were raised on 28-foot poles that lined the headquarters quadrangle.

Thus the jamboree got under way.

This evening's mammoth pageant will feature Vice President Richard Nixon who will bring a personal message from President Eisenhower. Eisenhower is not planning to attend.

Colorful Ceremony Officially Launches Boy Scout Jamboree

By LEE LINDER

Valley Forge, Pa. (AP)—America's Boy Scouts today officially opened their fourth National Jamboree.

With red rockets bursting in air and band playing the stirring martial tune "Colors," four Eagle Scouts hoisted Old Glory on a 60-foot pole.

Drums rolled as the flag reached the top of the gleaming aluminum pole—and then there was a moment's silence.

The 51,000 Scouts and their leaders stood at attention in the grassy valleys and wooded hills of historic Valley Forge.

Cornplanter Road Bill Signed by Gov. Leader

Harrisburg (AP)—Gov. Leader today signed into law a \$600 bill regarded as the smallest single appropriation Pennsylvania makes every two years.

It goes to the treasurer of Elk Twp., Warren County, and is for the maintenance and improvement of public roads in the state's last Indian reservation, the home of the Cornplanters.

The total 1957-59 budget exceeds two billion dollars.

Girard Hoping For Fair Trial In Jap Court

BULLETIN

Camp Whittington, Japan (AP)—William Girard indicated today he doesn't dread a Japanese trial as much as members of his family back home in Ottawa, Ill. Girard expressed confidence a Japanese court would acquit him on charges of causing the death of a Japanese woman on a military firing range. The 21-year-old Army specialist issued a statement to newsmen a few hours after the U. S. Supreme Court upheld the American government's decision to turn him over to Japan for trial.

Camp Whittington, Japan (AP)—William Girard predicted today a Japanese court will acquit him of charges of causing the death of a Japanese woman on a military firing range.

The 21-year-old U. S. Army specialist from Ottawa, Ill., issued a statement to reporters a few hours after the U. S. Supreme Court upheld the American government's decision to turn him over to Japan for trial.

Asked about the high court's ruling, Girard said he had "no comment on the way it went."

Girard told reporters "I am hoping to get a fair trial" in the Japanese court.

His Army legal adviser, Maj. Stanley Levin of Hollywood, Calif., was asked earlier if Girard expects a fair trial and gave this reply: "He might not put it just that way but you can say that."

At Maebashi, where Girard will be tried, Dist. Court Judge Juzo Kawachi announced he will open the trial Aug. 26. He said other sessions will be held Sept. 6, 7, 13, 14 and Oct. 4.

Former GI Gets Fill of Red China in 2½ Months

Hong Kong (AP)—American Donald J. Blackwood came back today from 2½ months in Red China. He told reporters his decision to visit the Communist mainland was "an irresponsible gesture on my part and I'm sorry I made it."

"I didn't like being watched all the time without seeing anything," he told reporters.

Blackwood, 25, a former GI, took his South Korean wife and child with him. He said they spent most of their time in a sixth-floor hotel room in Canton.

He said he had no idea any fuss was being raised about his disappearance from nearby Portuguese colony of Macao last April. Blackwood's father, James A. Cincinnati restaurant owner, came all the way to Hong Kong in May in a vain effort to find out what had happened to his son.

HOUSING BILL SIGNED TODAY BY PRESIDENT

Washington (AP)—President Eisenhower today signed a housing bill authorizing lower down payments on FHA-insured homes and making an additional \$1,990,000,000 available for various housing programs.

In approving the measure, however, Eisenhower said that "unfortunately" it contains a number of very serious defects. He called for repeal of some provisions at the next session of Congress.

He noted that the sum made available for housing programs is "more than double the amounts requested for these programs."

Accordingly, I have given instructions to limit the use of the new authority provided by this act during the fiscal year 1958 which started July 1 to amounts consistent with the over-all budget program," he said.

Eisenhower's January budget proposal called for only \$1,025,000,000.

The bill's provision for lower down payments on housing carrying FHA-guaranteed mortgages is only permissive, and there was no indication in the presidential statement that Eisenhower was taking any action to put them into effect. (Turn to Page Nine)

Plans Are Being Used In Taking A Count of Fishermen

To those who have been wondering about a low flying aircraft traveling along the Allegheny River, these flights are being performed for the U. S. Fish & Wildlife Service for the purpose of taking a creel census (counting fishermen).

Mel Barron, airport manager, has been awarded the contract to perform these flights, which started in the middle of June and will continue until sometime in November on an average of seven flights per month. The count is taken on a forty mile stretch of river starting at the state line and ending near Tidewater.

John K. Anderson, a resident of Warren and summertime employee of the Fish and Wildlife Service, takes the count. His job includes making observations of wildlife along this stretch of river and aerial photography as well as counting fishermen.

The large number of biplanes that have been sighted passing to and fro over Warren the past few weeks, some of which have landed at the local port, are aerial sprayers that have been going to and coming from Canada. They are engaged in spraying certain sections of the Canadian forest. This migration takes place every year about this time.

Lou Steiner, crop duster from Butler, has been spraying crops for some local farmers with his Piper Cub sprayer. It is believed that this is the first time aerial dusting or spraying has been tried in this area. If it proves successful we may see a lot more of it from now on.

Chicago (AP)—A nationwide campaign on traffic accidents was credited today with saving the lives of 400 persons in the first six months of 1957.

A special report of traffic deaths at the halfway mark in the National Safety Council's "Back the Attack on Traffic Accidents" campaign disclosed a 2 per cent reduction in fatalities at the end of June as compared with the first half of 1956.

This represents a numerical saving of 400 lives, the council said. It added the improvement is even more significant than the 2 per cent gain indicates in view of the increased highway travel.

The nation counted 426 traffic deaths over the long Fourth of July holiday period, from 6 p.m. July 3 to midnight July 7.

Since the campaign started, no month has shown an increase in traffic deaths, the council said in announcing the special report from the nation's state governors.

"The figures prove that the 'Back the Attack' campaign is paying off," said Ned H. Dearborn, council president.

Two McKeesport Boys on Motorcycle Meet Death

McKeesport (AP)—Two young men were killed early today while riding a motorcycle that crashed into a parked truck.

The motorcycle operator, Stewart Pope, 20, of 1008 Old Hill Rd. Boston, Mass., was dead on arrival at McKeesport Hospital.

His companion, Eugene DiBattista, 19, of 413 32nd Ave. McKeesport, died a short while later.

Police said the truck driver, Roland C. Jenkins, 33, of Baltimore, Md., was asleep in the cab waiting for a nearby wholesale grocery store to open.

FATAL MOTORCYCLE RIDE

Monongahela (AP)—A moonlight motorcycle ride on a Washington County road ended in tragedy last night. No Official Word Is Revealed About Successor to Kahn

Geneva (AP)—Prince Sadruddin Khan postponed his wedding to London model Nina Dyer for six weeks today because of the death of his father, the Aga Khan.

Sadruddin, 24, was to have married Nina, 27-year-old former wife of steel tycoon Heinrich von Thyssen, at Geneva next Monday. The Aga died after a heart attack yesterday at the age of 79.

There was still no official word on who would succeed to the Aga's spiritual leadership of 20 million Ismaili Moslems, or where the Aga would be buried.

Sadruddin and Prince Aly Khan, the Aga's two sons, are considered in the running. Aly, 46, formerly was married to actress Rita Hayworth.

HELM ON THE FENCE

Harrisburg (AP)—Selection of Speaker W. Stuart Helm to make the Republican reply next Tuesday to Gov. Leader's criticism of the GOP legislative record placed him among a growing list of possible candidates for governor. But Helm says he has given no thought to getting into the race. "No one has approached me as a possible candidate," Helm told newsmen yesterday.

Warren Civil Defense officials, trusting to public know-how after two "familiarization" tests earlier this week, decided today to call off the auxiliary police and see how motorists would respond by themselves when the take-cover siren sounded. As expected, traffic continued unaware that the three-minute warbling blast about 2 p. m. could have meant an H-Bomb right in their trunk. "Civil defense is everybody's grim job," reminded one official. "This survival education is being undertaken for each person's benefit. The survival picture will depend on individual willingness to cooperate and learn by drills such as these to react safely and swiftly in event of actual emergency." The test today was the final one in a week of "familiarization" CD drills which climaxed with the nation-wide CD test alert this afternoon.

MORNING ALERT SETS STAGE FOR CD AND MOBILIZATION EXERCISES PLANNED LATER

Newsprint, Operation Alert (AP)—Air raid sirens screamed a warning of approaching imaginary "enemy" bombers at noon today to set in motion a nationwide civil defense and mobilization exercise, Operation Alert 1957.

The alert was flashed to 200 possible target points by the Federal Civil Defense Administration, already operating under a make-believe "unlimited state of national emergency and threat of invasion."

Within a few hours, simulated nuclear attacks will have "blasted" more than half these industrial centers and defense installations out of existence with tens of millions of hypothetical casualties.

President Eisenhower and key aides were ready to leave Washington in a fleet of helicopters for a secret emergency White House.

Already, in his imaginary proclamation, the President has declared an emergency, alerted military and civilian defenses, and created a top-level home-front war agency called the Office of Emergency Resources to supervise price, wage, rationing, priority and manpower controls.

Key officials supervised the test operations from other secret headquarters and already this news operations center, dubbed "Newsprint" and located in a city to the south of Washington, was in operation.

Next week, after three days of emergency civil defense tests, more than 5,000 government officials and key subordinates will seek to re-establish normal government operations from 80 safe relocation centers in half a dozen states.

This is intended to be a preview of substantially what would happen if this country actually were plunged into war after a surprise assault that left millions dead or wounded, more millions homeless and penniless, and a great part of industry obliterated.

Harrisburg (AP)—Civil Defense workers across Pennsylvania waited today for the first warning that the state was under simulated air attack as part of operation alert 1957.

For the first time in the four years of the annual training exercise, Civil Defense personnel had not been told the theoretical target areas nor how they would be notified that an area had been "hit."

"This will, in all probability, include a number of theoretical enemy strikes on various targets in Pennsylvania," the State Council of Civil Defense said.

Eight critical target areas were listed. They are Allentown-Bethlehem - Easton, Erie, Lancaster, Pittsburgh, Philadelphia, Reading, Wilkes-Barre-Hazleton and York.

Altoona, Harrisburg, Johnstown and Scranton are other target areas.

The state operation was under the direction of Dr. Richard Gerstell, Pennsylvania Civil Defense director. Gov. Leader sat in at the state Civil Defense headquarters during the drill.

Public participation was limited to a 10-15 minute period sometime between 12:30 and 2:30 p.m. As the "attack phase" of the drill this called for three warning signals and public compliance with Civil Defense orders as if an actual alert had been sounded.

Installation in state CD headquarters of the national warning system, a radio network hookup with the Federal Civil Defense Administration, permitted a detailed flow of warning information to local state CD personnel.

July Session of Brokenstraw Valley Joint Board Busy One

In addition to opening of bids and awarding of contracts announced in last night's edition, Brokenstraw Valley Joint School Committee considered a number of important items at its July session in Monday evening.

President Ernest K. Oviatt presided at the session, which included approval of bills amounting to \$8,666.77; and presentation of the financial statement for the 1956-

57 year. This latter showed a June 30th cash balance of \$6,858.79, with \$3,577.78 due for the year from member districts, and outstanding obligations of \$4,823.40, for a net balance of \$5,613.17.

The salary for substitute teachers was discussed and the committee approved a daily rate to correspond with the local salary schedule, rather than the state-mandated minimum.

A letter relative to the proposed special education class, from the office of the county superintendent, was read. Inasmuch as approval of the budget for this purpose had not been received from the Department of Public Instruction, the committee felt that definite plans could not be made and the matter was tabled pending further advice from the Department.

H. J. Sherwood, supervising principal, reported on the proposed Social Security-Retirement integration and stated the school district has been advised by the executive director of the Department of Labor and Industry that since only 374 school districts, or less than 16%, had filed objections to the plan, it seems certain it will become effective upon completion of the referendum to be held in August; also that the district has been instructed to start making payroll deductions for each employee's social security tax on all wages paid on or after July 1, 1957, except on those employees who voted "No" on their preference cards in May.

It was also reported Dr. Franklin Miller, consultant on high school building, has reported that since the 1957 legislature had not made enough money available for school building that the district could possibly qualify to receive under the present appropriation, any application for school building funds by the district could not be acted upon by the Department of Public Instruction or the School Building Authority until at least 1958.

The Annual Secondary School

Evaluation report as received from the Department of Public Instruction was presented and details were discussed by the Committee.

Accident in Conewango Fifty Years Ago That Claimed Six Lives Recalled in Old Files

Tomorrow marks the fiftieth anniversary of one of the most tragic accidents recorded in the annals of the county which occurred in Conewango Creek near North Warren, and claimed the lives of six persons.

The story of the drownings, as unfolded in the columns of the Evening Times and Evening Mirror, is reviewed by a staff member of the paper in the following manner:

A story which many old timers will recall as "Warren County's most awful accident" happened exactly 50 years ago today, Friday, July 12, 1907, and the story was taken from the Warren Evening Times and Warren Mirror, dated July 13, 1907, on their front pages—the drowning of six persons on the Conewango, which was "enacted last night at placid village of Russell—merry makers picnicking swept to death over brink of dam through the capsizing of a naphtha launch owned by Mr. John Best". Five of the dead were from Warren, one was a traveling salesman.

"The most awful accident that has occurred in this vicinity in a score of years took place last evening shortly after 6:30 at Russellburg when a gasoline launch owned by John Best, was carried over the dam there, tipping over as it reached the brink. The nine people who were in it were thrown into the waters of the creek and sucked down into the vortex of seething waters under the apron of the dam. Three of the nine escaped with their lives in an almost miraculous manner, and are alive to tell the tale of their horrible experience."

Those who were carried to a watery grave by the flood conditions prevailing at the time were: John Best, owner of the fatal launch, his wife, Violet, their daughter, Mrs. Hilda Knox; Mrs. George Baker; and the salesman, O. F. Buntz, of Philadelphia, salesman for Strawbridge Clothing Company. The three survivors were: George Baker, clerk at Carver House; Miss Elizabeth Furlough; Joseph Gross, Cleveland, a "traveling man of the Cleveland Cloak and Suit Company."

The tragic affair occurred at an outing of the employees of the second floor of the C. H. Smith Co., Ltd., and all were either employees or friends. About 5 o'clock the party left the Smith store bound for Edgewater on the Conewango where Mr. and Mrs. Best had a cottage where the outing was to take place. After arriving near Russell, someone suggested that a portion of the party leave the car there and go on up to Edgewater in a naphtha launch owned by W. D. Stewart. When the car stopped at Russell, Mr. Stewart, accompanied by Miss Flickinger of Braddock, Miss Mona Berney and Mrs. Louis Laih of Warren, Mrs. Edith Mills of Chicago (formerly Miss Edith Gleason of Warren), and Miss Dolan of Sheffield, preceded to where the boat was tied up and started up the creek. Above the Russellburg dam the boat ran upon what is known as the Number 3 Piles where it stayed high and dry. While the other members of the party arrived at Edgewater, a few stayed and started to prepare the meal while the ill-fated party entered Mr. Best's launch and started down stream to meet the Stewart party.

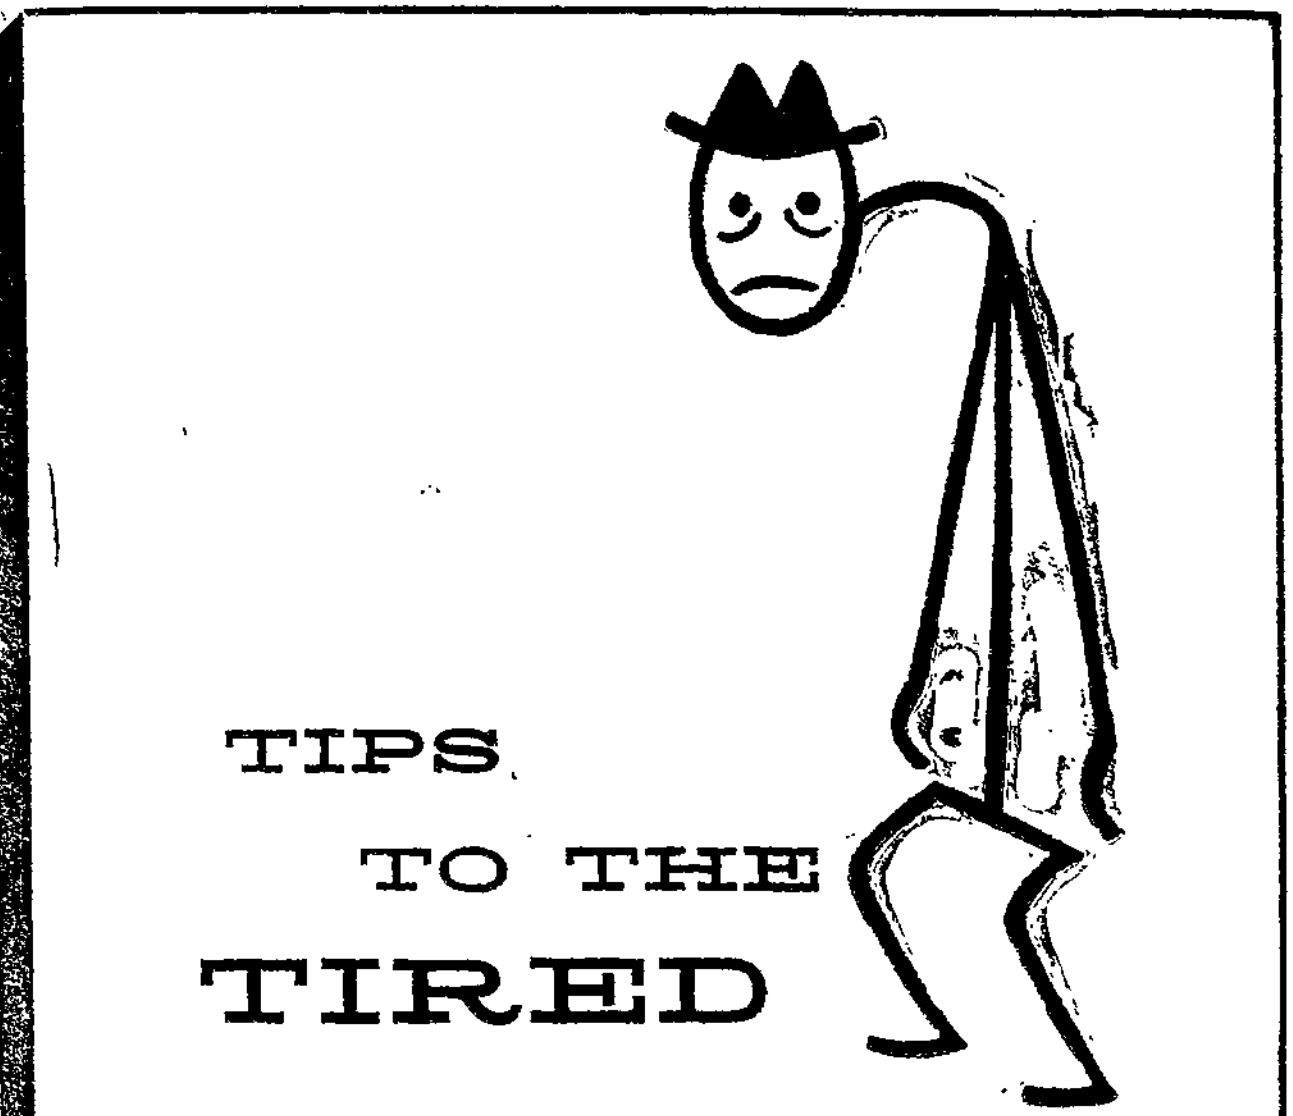

Mr. Stewart said that although they tried to work the boat loose, their efforts were futile, when Mr. Best came on the scene and told Stewart to throw him a line, and Best evidently thinking that a sudden pull might upset the Stewart boat, stopped his engine and steered close to Stewart.

Stewart said, "The rope was so short that in throwing it to him he did not catch it, and it drifted by. I cried out to him, 'Paddle in to shore, John. Paddle into shore.' However he had the utmost confidence in his engine and boat, and answered back, 'I'll be all right, Stewart. I'll start the engine.' Somehow the engine did not start, and Mr. Best started working with it, and all the time the party was watching his boat drift down stream toward the dam. Again I cried out, 'Paddle into shore. You are close to the dam.'"

Stewart explained Best waved his hand that everything was all right. Finally the people in the boat saw they were going over the dam and they started screaming. While the men tried to keep the women quiet, George Baker rose in his place in the boat and taking a boat hook tried to keep the boat from going over the dam. His efforts were fruitless and the boat swung around and struck the dam sideways, turning turtle throwing all occupants out on the spillway.

Stewart swam to shore and secured an unlocked boat and took the people out of his marooned boat to shore.

Baker, one of the survivors, caught hold of his wife once, but they were pulled under water and he lost his grip, and came up without her. Baker said, "I was under water and felt it coming down in a torrent over my head almost suffocating me. I pushed me down

again, and when I was down I seemed to see the others being befetted about in the waters."
He finally was thrown out of the whirlpool by the current and was carried down stream to a small island where he rescued a woman as she passed by, probably Miss Furlough. After going back on the island, it was then he realized he had lost his wife and collapsed.
The sight of the fatal accident was about 175 feet wide. The Dam was 10 feet high, with the water behind the dam being 30 to 60 feet deep. Below the dam the water was 30 to 40 feet with a swift undertow. Heavy rains made the water extremely high, the water going over the dam was much greater than usual, and the current was more powerful.
Shortly before 8 p. m. the body of Mrs. Best was recovered. Saturday afternoon the body of Mrs. Knox was found about three quarters of a mile below the dam.
Sunday, July 14, the only body found was that of Mrs. Baker. Her remains were found near the old stone house near Irvineburg near an island.
Early Monday morning rescuers began combing the waters and found the body of John Best near the Herman farm about three miles this side of Russell. Around 8:30 O. F. Buntz's body was found within 10 feet of where the body of Mrs. Baker was found Saturday, leaving the body of Miss Violet Best in the waters, which was finally recovered around 6 p. m. Monday evening according to the Warren Evening Times, Tuesday, July 16.
All three members of the Best family were buried in a single grave in Oakland, with services being at the family home on Pennsylvania avenue, east.
The complete service of the Best family was beautifully written up in the Warren Evening Times Wednesday, July 17, 1907, depicting scenes during the funeral services, describing their beautiful home with the three coffins in it, before and after the services. "It was the saddest funeral in this city... it was enough to bring tears to the eyes and a tugging of the heart strings... to see still in death those who were so well known and so universally loved and respected."

Members of the Warren High School Class of 1932, holding their 25-year reunion at Marconi Outing Club on Saturday, July 6, required a great degree of persuasion on the part of Photographer Everett Stoke to get them to leave off reminiscing long enough to

pose for their group photograph. Events for the day followed the usual schedule for such reunion occasions, with all attempting to catch up on happenings of a quarter-century.

WHO SAID I COULDN'T FIND A PARKING PLACE

The above cartoon reproduction is one of seven done by Basil Guiley, son of Mrs. Geraldine Guiley of 709 Conewango avenue. In "The Pentagon," new humorous booklet of The Gladwell Publishing Company of Washington, D. C., in which the former Warren artist is associated with Karl Gladwell and Chuck Coupe.

Guiley has completed two years in the Army, with most of it spent at The Pentagon, and is currently employed in the art department of American Aviation Publications.

His partners in the new publishing venture are still in the Air Force, but already have a number of projects well in hand. "The Pentagon" sold 400 copies the first hour off the press on June 28, the trio is working on ideas for three comic strips and a gag book series, has taken over the art work of the publisher of their booklet, and are designing a polo match program.

It is learned from Mrs. Guiley that she expects to move with her family to Washington this fall to join son Basil.

The Mature Parent

Grown Son Must Break Spell Of His Misery-Loving Mom

BY MRS. MURIEL LAWRENCE

THE mother has always loved misery. When, as adolescents, her children went out to enjoy themselves, they'd come home to find her reproachfully laboring over their next week's wash.

Now they're married and she uses her widowhood to reproach them, refusing visits and holidays. Her son's wife writes, "She's got my husband sick over her attitude. He wants to know how a Christian should deal with it."

To this son, I think Jesus might say, "Your joy no man taketh from you. Cast the beam out of your own eye."

The beam is his fear of his right to enjoy himself. It's the same obstruction that darkens his mother's vision. When he's cast his out, it will be time to start dealing with hers.

RIGHT now his problem is not relieving his mother of misery. It is getting rid of his own helpless response to her misery. He hopes that she'll change herself—and spare him the arduous, grown-up task of learning to resist her power to depress him. It's a childish hope. For this son, I think there is no avoidance of the resisting struggle.

The problem of the self-persecutor's child is always fear of enjoying himself. Until he faces it, his pleasures are constantly haunted by thoughts like these: "What right have I to this summer holiday when poor mother isn't enjoying it too? How selfish I am to be entertaining these friends to dinner when poor mother is eating dinner alone!"

HE imagines that it's mother's pitiful state that is reproaching him. It isn't. The reproach comes straight from his own crippled conscience. Long ago mother shaped it to echo her reproach so that no matter how far away he went from her, it could continue to keep him as miserable as she is.

The only way to help her is to start reconstructing it.

That is what Jesus knew. We cannot help her without compassion. To feel it for her, we must first wrestle with our own fear of joy—or its grip on her will arouse our hate instead of our understanding. Until we can appreciate what her envy has tried to do to our life, we can experience no compassion for what another parent's envy has done to her life.

The Christian assignment has never been an easy one. (All rights reserved, NEA Service, Inc.)

County Employment Is Up 3.4 Percent In the Last 60 Days

Employment in Warren County showed a gain of 3.4 per cent in the past 60 days according to a report released by David W. Levine, Manager of the local Pennsylvania State Employment Service office. Information supplied by 49 reporting firms accounting for 8,067 of the area's jobs showed that most of the change was registered by factories. Nearly three-fourths of those added to payrolls in the past 60 days were women.

The employment official observed that the current job total for the concerns included in the sample represents an all-time high; the margin over June 1956 and June 1955 are 3 per cent and 11 per cent, respectively.

Mr. Levine noted that unemployment compensation claims are at a low level with 206 persons receiving benefits during the last week in June. There were 261 and 176 persons on jobless insurance rolls, two months and a year ago, respectively. The ration of unemployed to the total labor force is undoubtedly the lowest in northwestern Pennsylvania.

The outlook is for a further moderate increase in the job total. Scheduled construction jobs will utilize more workers, while there is evidence of a steady customer demand for industrial products—several plants reporting a "pick-up in business".

Field Day at State Is Success Despite Rain

The State Hospital Field Day was declared an unqualified success yesterday despite rains which drenched out half of a fine afternoon program. The 1806 patients in attendance on the field were particularly impressed by the performance of Indian Bonettes of Oil City and patients acquitted themselves nicely with a team of 16 women presenting a fine dance exhibition to accompaniment of the hospital orchestra. Erie TV was on hand taking pictures.

Remodeled Texas Lunch Dining Room Holds Official, Tasty Opening Today, Saturday

Above is the delightful interior of the remodeled Texas Lunch dining room where the famous T-L service and revised menu has been combined with bright, clean, comfortable surroundings. Stop in during the official opening today and Saturday. Roses for the ladies. (Timesphoto by Saylor)

Warren's most famous round-the-clock restaurant, known 34 years as The Texas Lunch, is holding a formal Open House today and Saturday for its newly remodeled dining room.
Proprietor "Perk" Cameron invites his old friends and new to delight in tasty dinners from a menu now featuring steaks, chops, chicken, blue plate lunches, sea food. (In addition to the famed dogs and burgers, of course.) Pull course dinners start at 80 cents and, as a speciality for the ladies during these two days, red roses will be provided as favors.
The new dining room, clean,

bright and airy, replaces the former "Annex" just to the east of T-L across from the Times-Mirror. The remodeling project is another step in alterations which have pine-paneled the building exterior fronting on Pennsylvania Avenue West.
Ten comfortable, coral-colored booths have been installed, while fluorescent lighting, a turquoise-beige floor and four natural-paneled wall murals of rugged north country scenes make for ideal eating and in quiet comfort. Service is snappy and dining hours are extended to 11 p.m., including Sunday.

The Texas Lunch was opened in 1923 by "Pete" Fanaritis who maintained it in fine fashion until 1952 when he turned over command to three veteran employees, two of which were bought out by "Perk" who took over in December 1954.
Texas counter continues as popular as ever.
Heading the list of persons who contribute to the restaurant's success are: its patrons Marie Colosimo, Richard Grubbs, Doris Arp, Jane Cooper, Marco Vasil, Bertha Larson, Sandy Pace, Janet Coleman, Bob Brown, Ken Kifer and Patricia Creasley.

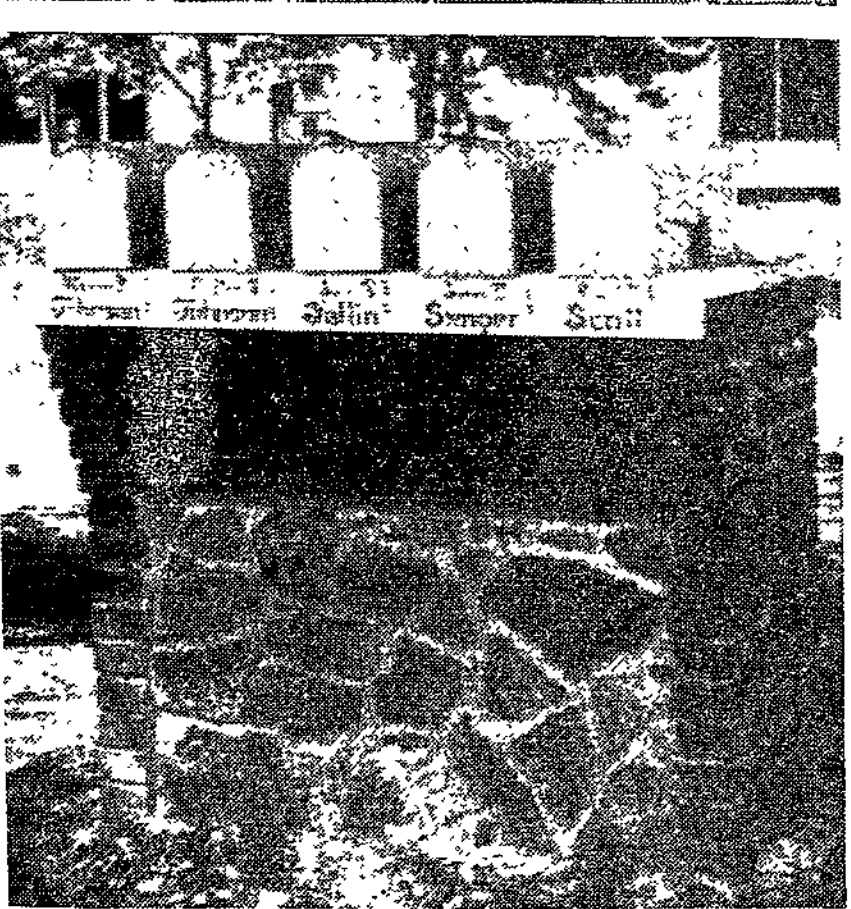

Program To Improve Mailboxes on Rural Routes Showing Progress

The annual program to improve mailboxes on the many rural routes in the county has been most effective this year thanks to the collective efforts of all Warren County postmasters and carriers, and the cooperation of those patrons who take pride in the appearance of their rural homes and roadsides. The assistance and influence of the 4H Clubs of the county in this worthy movement has also been most helpful and a dilapidated, unserviceable mailbox is now a rarity rather than a commonplace along Warren county roadsides.

There are still a few, however, who have failed to heed the many requests to provide serviceable, well-identified mailboxes, and a final appeal is being made by Postmasters before reporting these cases to the Post Office Department and subsequent suspension of mail service.

Sparky Saylor provides Timesphotos of two box-groupings noted in a tour of Warren routes, illustrating opposite extremes of civic pride and neighborhood cooperation. The one below shows the attractive, highly efficient installation of a civic minded, cooperative group on Elm Boulevard (just off Jamestown Road, west of Farm Colony). Note the neat identification of each box, the close grouping and the ample, protected compartment for packages. The other (upper) is an example of the unsightly, unserviceable boxes still to be found in at least one neighborhood on a Warren route the location of which is best omitted. Six stops by the carrier are required here where one would suffice if boxes were properly installed. Also, only the regular, experienced carrier would be able to place the right mail in the right box.

Warren Hot Stove League Reviewed Before Forthcoming Annual All-Star Competition

[With a bat-cracking game between All Stars of Warren's Hot Stove League coming up August 10th, a brief history and outline of the League's activities has been prepared. The contests are the Warren Kiwanian's big project of the year. The event will raise funds for welfare and underprivileged children as well as funds for continuance of Hot Stove activities.]

Warren Hot Stove League
What is it? The name "Hot Stove" brings to mind a pot-bellied stove on a winter night in a country store. A League? What kind? Bowling? Basketball? No—this is a baseball league. The Warren Hot Stove League is a boy's baseball program for Warren County youths aged 8 to 17. The "Hot Stove" portion of the League name is definitely not a misnomer for certainly the men of the Warren Hot Stove League spend many long wintertime hours planning so that the summer program is a success.

Who are these men? A cross-section of the male population of Warren is well represented. A mill-farmer, an optician, laborers, a pharmacist, a real-estate broker, postal employees, all these and many more are here. The League has "union" men and Company" men, white-collar men and laborers. There is a newspaperman and a government worker. Name the line of work and it is represented in the Warren Hot Stove League.

All are happy to work as a group under the anonymity of the League for they are not a group to brag their own horns in the hope of individual glory and publicity.

Now in its ninth year with about 1000 boys on sixty-three teams these men and their predecessors have as a group made the League what it is today. The League feels that its rapid growth is evidence of the enthusiastic acceptance of the boys of Warren.

The League has five elected officers and many appointed ones. These and all of the other members have regular meetings starting about March 1st each winter and continuing through the summer months. Here ideas are exchanged, plans made and put into action, grievances aired, and a behind-the-scenes activities conducted.

Many ask "What do the adult leaders get out of the league?" To see a pun-sized Herb Score strike out a batter with the bases loaded in the last inning or a potential Stan Musial smack out a game-winning drive—these are rewards enough for anybody. When you see so many boys having so much fun all summer, the long hours of adult work and planning dwindle into nothingness.

The name of Argentina is derived from the Latin "argentum," meaning silver.

Shrove Tuesday is always the last day of the Mardi Gras.

Gardening Gives Convicts Different Kind of Escape

One of the most exclusive gardens in the United States is in Joliet, Illinois—you have to be a convict to belong.

"Gardening helps the time pass," says Warden Joseph E. Ragen—and in Stateville Penitentiary, where this garden club holds its meetings, there's a lot of time to get rid of.

Since 1936, Stateville's grounds have been transformed into a campus that any university might envy. Of the 62 acres behind the penitentiary walls, buildings and recreational areas take up two-thirds, and the remaining 20 acres contain some of the most beautiful flower gardens in or out of jail.

"Starting with seeds, we raise half a million flower plants a year," Warden Ragen explains. "As you might expect at Stateville, we tend toward the hardier blooms. Petunias are what we are best known for, but we raise dozens of other types of flowers as well."

Aside from softening the stern drabness of a prison that houses some of America's most desperate criminals, what effect do these acres of flowers have on the lives of Stateville's forgotten men?

"It has turned many towards profitable, law abiding lives," Warden Ragen says. "The men who are assigned to work in our garden are thoroughly trained in gardening and horticulture. When they leave here, they are qualified professional gardeners—and many have adopted gardening as a livelihood and as a means of escaping a life of crime."

Warden Ragen believes that gardening, with its closeness to nature, "changes the attitude of even the most hardened men."

Criminals, says the Warden, are misfits and he finds gardening a great aid in helping these men to discover their place in society.

"The boys work from dawn to

dark," he explains. "When they get in at night they are plenty tired."

"But they like these jobs, and working in the gardens makes them feel good because they are doing something constructive—many for the first time in their lives."

Warden Ragen, a veteran gardener himself, instituted Stateville's flower-raising program twenty years ago because, "men were sitting around with nothing to do but get into trouble."

Starting out with only a few experimental acres, the warden has expanded his garden until today Stateville has virtually no ground that is not in use.

A man who has been hailed by his fellow penologists as one of the most successful prison officials in the nation, Warden Ragen has only one boast—and that a proud one. It's that his petunias have been prize winners in national judgments for several years.

Not only the 200 or so prisoners who work directly on the gardens benefit from them, the warden believes. "All 4300 inmates are better men—less tense and less desperate—because of those gardens of flowers," the warden explains.

The prison also carries on its gardening program on a separate 2200 acre farm.

About 160 trusted convicts stay at the farm, which is near to Stateville, full time. An equal number join them from the prison each day.

Last year, the convict farmers supplied all the prison's vegetable needs, putting vegetables on the table in season. Another 200,000 gallons were canned to be used during the winter months.

All of which supports Warden Ragen's proud statement:

"These aren't just gardens to our inmates, they are a new way of life and we have many men come to us who are desperately in need of just that."

HOAD TURNS PRO—Smiling Lew Hoad, Australia's two-time Wimbledon champion, and his wife, Jennifer, wear happy faces during a press conference in New York. Hoad said he was turning professional for \$125,000 so "I can get mine while I can." He will confer with promoter Jack Kramer with "only a few minor details" waiting to be cleared up.

Bible Words for Today

JOHN 10:10—"I am come that they might have life, and that they might have it more abundantly."

I could never think of the Christian life as a dull affair. Christ's chief aim for all of us is that we have a full life, an abundant life, a life that overflows. He makes this possible by giving the man of faith a Divine "inflow". His cleansing and indwelling Spirit becomes a "well of water springing up into everlasting life." In this way, life is truly creative and refreshing. Without such Divine resources, life becomes stale—a Dead Sea.

A life that overflows is bounded by the disciplines of dedication. It enjoys liberty bounded by loyalty, freedom through fidelity, rights sustained by responsibilities, and Divine power within the framework of a Divine purpose. Through a disciplined prayer life, a devoted study of the Bible, a directed practice of the Presence, and a dedicated Christian service, a life is made to overflow.

Such living moves out to bless others. It becomes health to the parched and thirsty souls. It makes green pastures out of deserts and productive soil out of barren wastes. At its touch, lifeless lands blossom like the rose.

Truly, Jesus came to give us a Life that Overflows.

In compliance with and by virtue of the authority vested in me the several acts of assembly, and specifically by the act approved June 20, 1933, P.L. 498 and other amendatory acts, authorizing and empowering the county treasurer to sell at public sale all seated lands upon which taxes levied by authority of any county, borough, town, township, school district and poor district are delinquent and remain unpaid and fixing penalties, etc., I will sell at public sale the following properties as hereinafter set forth.

The purpose of said sale is to enforce the collection of delinquent taxes, penalties, interest and costs thereon as the taxes are returned or the year 1935. Said sale will be held in Court Room 2 at the Court House in the Borough of Warren, Warren County, Pennsylvania.

MONDAY, AUGUST 5, 1935 AT 10 O'CLOCK A. M., EDST

Terms of Sale: As soon as property is struck down, payment of the amount of purchase money, or such part thereof as is necessary to pay all taxes, penalties, interest and costs in such case, will be required from the purchaser. In event said amount is not paid forthwith after the property is struck down the sale will be void and the property immediately offered for sale again by the Treasurer. No bid will be accepted for less than taxes, penalty, interests and costs.

If a bid is in excess of said amount the purchaser will be required to make and execute to said Treasurer for use of the persons entitled to bond for the surplus money that may remain after satisfying and paying all the taxes and costs as aforesaid.

To all persons, owners or reputed owners of property, terra tenants or any claiming an interest in the following described lots or tracts of land: You are hereby notified that your property situated in the borough or township as hereinafter described has been returned for non-payment of taxes for the year designated and unless such taxes and costs are paid on or before Monday, the 5th day of August, 1935, at ten o'clock A. M. Eastern Daylight Saving Time, of said day, the said premises will be sold as above set forth.

SIMULATING "LIFE SAVING"—Civil Defense Rescue Division members went through a grisly game of life saving make believe last night as they extricated four mock victims from a tangle of pillars, poles and I-beams on Carver Hotel lot. In right foreground, three men use a pair of jacks to hoist an I-beam lying over a dummy's legs. In center, a CD volunteer used a drill driven by a mobile power unit from CD's emergency truck to cut through a platform and save another. At the far end, a crew is readying an acetylene torch to cut through pipes holding down another victim. (Timesphoto by Saylor). (See other photo on page one.)

BROILED FRANKFURTERS—Without the help of a divining rod, one expert has found water, strange as it seems, in a Frankfurt, Germany, swimming pool packed with broiled frankfurters. come to the state by radio on the new national warning system. From the Continental Air Command in Colorado or its Eastern Air Command at Newburgh N. Y., fifteen "warning points" throughout the state, generally in state police substations, will receive simultaneous information. Then, in a matter of four to six seconds the attack condition will be flashed to some 1,200 stations on the state's special "bell and light" warning system. These stations are in police and fire stations, at Civil Defense headquarters, hospitals and other similar places. From this point the work is fanned out by telephone and personal message to CD field personnel. Notification of mock strikes will be transmitted by Local Civil Defense leaders to county headquarters. From there work will go to the council's regional headquarters in Butler, Lewistown and Quakertown. It reaches state headquarters from these three points.

British Cruise Ship Is Freed From Bermuda Reef

Hamilton, Bermuda (AP)—Helped by a mighty yank from ground tackle, the British cruise ship Reina del Pacifico slid backwards off Devil's Flat Reef last night three days after running aground. The liner bobbed lightly on the squall-tossed sea, but with a starboard list. The effort to pull the Reina free succeeded as the weather grew increasingly worse, threatening to halt salvage operations until the weekend. Divers found a big dent in the hull, but no holes. An underwater examination today was to determine whether the ship could continue on its voyage to Liverpool.

ROOSTER BARS CARRIER

Dallas (AP)—A note from the Beaumont postmaster to Regional Postal Safety Director Harold Packard read: "Morris A. Johnson, 25, a carrier, was temporarily sidelined when he was spurred by a rooster. The carrier noticed the rooster when he went to deliver the mail, but he was unaware that the rooster was of a fighting nature."

pumped individually from separate hydrants Lander and Bear Lake departments stood by for any emergency that might occur in the borough or immediate vicinity.

The Chief stated that ten streams of water producing approximately 2300 gallons of water per minute were delivered and 2500 feet of hose were used with 150 firemen participating. All fire departments were summoned by use of radio and the selective call system, operated from Civil Defense Control Center in Court House Annex. This phase of the program was in charge of Scott Stuart, Assistant Fire Chief. The fire departments were called between 7 and 7:10 p. m. The first department responded within five minutes and the last arrived at 7:35 p. m.

The Civil Defense Rescue division conducted three separate demonstrations. First, the Duck was dispatched to the hospital landing to "rescue" Borough Manager George Geracimos, Times-Mirror Editor Ed Lowrey, Observer reporter Allen Anderson, WNAE's LeRoy Schneck and Neil Culbertson, past president representing the Chamber of Commerce. These dignitaries were accompanied by Sandy Secor, assistant director of Civil Defense in Warren County. Secondly, several boats were dispatched to accompany the Duck. Thirdly, at the site of the former Carver House the Rescue division removed four casualties trapped in a collapsed structure, demonstrating four different means of freeing trapped persons. They then removed four live casualties from the remaining Carver House Annex. This showed two methods of rescuing seriously injured persons from a damaged building.

Auxiliary Police division of Civil Defense was in charge of all traffic and detours made necessary by the extensive exercise. Assignments to duty were made by John Powley, Auxiliary Police Chief of Warren Borough. Sixty-five Auxiliary Police assisted in the problem.

W. C. Fuelhart, director of Warren County Civil Defense, David C. Levine, director of Warren Borough Civil Defense, Merle See, Civil Defense Fire-Chief, William Yeager, Jr. Head of Rescue and their assistants observed the demonstration and have pronounced the exercise a decided success and thank everybody who cooperated. It is too bad that there were not more of Warren's citizens out to watch the various demonstrations. As they say—It might be your life, someday that Civil Defense may help to save.

Housing Bill

(From Page One)

The National Assn. of Home Builders had asked the President to give FHA orders on that point. The lower down payments made possible by the bill are a minimum of 3 per cent on the first \$10,000 of appraised value, 15 per cent on the \$10,000-to-\$16,000 segment, and 30 per cent above that. The present law requires at least 5 per cent on the first \$9,000, and 25 per cent above that. Thus the down payment on a \$15,000 home could be cut from \$1,950 to \$1,050.

ICE SENDS PICTURE TO EISENHOWER

A picture of Dwight David Eisenhower, signed and sent along by the President himself, was presented to Northern Area Joint School Board at a meeting Wednesday night in the new Eisenhower High School building named in honor of the chief executive. Travis Stohlberg, board president, accepted the picture in behalf of the group from Earl L. Shea, chief engineer with Pennsylvania Public School Building Authority.

able to muster their full strength against a motion to take up the bill.

"Many who are likely to vote against the bill will support a motion to take it up," he said. Other senators indicated they had no doubt that the Senate would vote to call up the bill for consideration—a first step toward what promises to be a prolonged battle.

Johnson said flatly "there are going to be no amendments agreed to," nor any negotiations or agreements looking toward amendments, "until after the bill becomes the pending business in the Senate."

Johnson said his hope was for a vote next Wednesday, but Knowland said he thought that the Senate should vote earlier—on Monday or Tuesday. He said a week's debate of his motion was adequate. The GOP Senate leader declined to say whether he would try to keep the Senate in round-the-clock sessions if Southerners blocked any voting agreement.

Queen Elizabeth II of Britain sent a note of sympathy to the Aga's widow, the Begum. Shops and business operated by members of the Ismail sect in India were closed as a mark of respect.

Thousands of Ismailis trekked to mosques in Bombay to pray. Although the burial plans had not been announced, Egyptian architect Kamel Mallakh said in Cairo the Aga Khan some time ago had asked him to design a red granite tomb on the skyline of the desert hills on the west bank of the Nile across from Aswan, Egypt. Aswan is a major center of the Ismail sect.

the American GI a fair and fast trial and said he expected the proceedings to be completed in October.

Girard's prediction as to the outcome of the case was issued through Levin.

"It is our (Levin's and Girard's) belief," the Army lawyer said, "that the court will reach the conclusion that Specialist Girard was in performance of his duty and that it was a regrettable accident."

Girard has been indicted by the Japanese court on charges of "inflicting bodily injury resulting in (the) death" of Mrs. Naka Sakai, 46. He is accused of having fired an empty cartridge case from a grenade launcher that struck and killed the woman as she collected scrap metal on a firing range Jan. 30.

Washington (AP)—The Supreme Court's decision in the Girard case spelled potential troubles for President Eisenhower in Congress today even as it smoothed the path for his dealings with foreign countries.

Administration officials beamed over the court's 8-0 verdict in favor of their pledge to Japan to allow Japanese trial of Army Specialist 3/C William S. Girard for the shooting of a Japanese woman. The Japanese too voiced pleasure over the ruling.

Khrushchev boasted that Soviet relations with this Communist nation are so good they cannot be improved upon.

Major League Games Develop Many Exciting Happenings; Mantle's Homer Defeats A's

By ED WILKS
The Associated Press
Think that that first half of the season in the National League? Well, you ain't seen nothing yet. pal, what with a player leaping over a fence, a couple of no-hit bids and injuries to key players popping up in the breakaway for the final run to the pennant.

Taking the happenings one at a time:

1. Cincinnati's Don Hoak vowed he'll get that Neal before this series is over, either on or off the field, while still riled up after being tagged with an "ambush" right hand from Brooklyn's Jim Giliam in the second of two fights last night at Ebbets Field. The Dodgers won it 5-4 on the second of Duke Snider's pair of two-run homers after Brooklyn's Jim Giliam and Cincinnati's Raul Sanchez set of a bid seventh-inning brawl when Giliam was low-bridged by a Sanchez pitch.

2. After Chicago's Bob Rush had no-hit Philadelphia for seven innings only to lose 1-0 in 11 innings, rookie Jack Sanford set down the Cubs with 7 1-3 innings of perfect ball for his 11th victory, 3-1, and a two-night sweep that hosted Philadelphia into second place. The Phils, however, again lost catcher Stan Lopata, this time with a wrenched knee.

3. Milwaukee, slipping from second to third one percentage point behind the Phils despite a 7-2 victory at Pittsburgh, lost shortstop Felix Mantilla and centerfielder Billy Bruton in a fielding collision.

4. Southpaw Johnny Antonelli five-hit St. Louis to win 1-0 as the New York Giants shaved the Cardinals' first-place edge to two games and ended their winning streak at five games.

In the "drab" American League, Mickey Mantle's 23rd home run gave the first-place New York Yankees a 3-2, 11-inning victory at Kansas City and a 3½-game lead over Chicago's White Sox, beaten 6-5 by Washington. Third-place Boston went 10 innings to beat Detroit 9-7. Baltimore jumped from sixth to fourth with a pair of 5-4 decisions over Cleveland, the first in 11 innings.

★ GRAYSON'S SCOREBOARD ★

OK With Larsen if Fans Forget, if Casey Remembers

BY HARRY GRAYSON
NEA Sports Editor

NEW YORK—(NEA)—"That guy over at the table," the man in a sport jacket said to the one with him, "that's that Larsen. He's nothing. Pitches one game in his life."

The two had just picked up their change from the bar and were walking out of the place when they noticed Larsen. It was the first time all night anybody had turned around to see Don Larsen except the waiters and bartenders and people who know the tall right-handed pitcher for the Yankees.

This is the way it has been all season. From last October on, Larsen couldn't go any place without people gaping and asking him for autographs and trying to buy him a drink so they could be seen with him.

BUT WHEN THEY STARTED to play baseball again this spring it all changed. Larsen lost a couple and was fighting to get into the Yankee pitching rotation and everybody began acting like the man in the sport jacket leaving the bar.

Which was fine with the pitcher who had knocked his life out of proportion with that perfect game in the World Series. "I am," he would say, "no 20-game winner. I'm not that kind of a pitcher. I'll get my 14 or 15. I'd love 20, sure I would."

So there was no sign of upset, no moaning or anger when he wound up with a 3-2 record as July came around and he had to pitch a powerful three-hitter against Kansas City to regain a spot in Casey Stengel's pitching plans.

"THE MONEY," FRANK SCOTT, his agent, mused, "didn't mean anything. If Don had gotten off to a big start this year he might have made another mint, but that was the last thing on his mind. He just wanted to pitch."

Larsen would walk into the Yankee locker room, get dressed and go out on the field. After the game, he'd leave silently. Nobody was around to bother him. Photographers would walk past him looking for Bobby Shantz or Johnny Kucks or the other Yankee pitchers who were winning.

"I'll get back on my feet," he would say, then lapse into usual silence. He is a pitcher who has a perfect game to his record, but he also has plenty of bad luck dotting his past. This season, for example, he was in a 1-1 game with Detroit in the ninth and pitching strongly but a passed ball put a runner on second and Red Wilson singled to beat him, 2-1.

Then he came back to have the Tigers trail him, 3-2, in the seventh, but a walk and a hit brought Stengel out of the dugout and Bob Grim came in and couldn't handle it, but the loss was given to Larsen. Two days later, Stengel sent him in relief against the same team and a couple of quick homers put the pitcher as far back in Casey's mind as possible.

LARSEN FELT HE NEEDED only a chance to make up for his usual slow start. It would take more than a couple of victories to bring the people flocking around him again and that was fine with him.

For if anything, the pitcher walked out of the no-hit turmoil with a strong dislike for the way columnists had him in 12 different watering holes in one night and everybody else seemed bent on showing words into his non-talkative mouth.

He remembered, in particular, the night he was at a hotel bar drinking soda water because of a weight-shedding diet and everybody started to point and say, "Larsen is piling it in."

So for Don Larsen, who is a 15-game pitcher with a perfect game on his record, there are no complaints. The people? They can all keep walking like the man in the bar. He just wants to win a few more.

Gomes and Perez Meet Tonight in Lightweight Bout

Cleveland (P)—If he can beat featherweight Harold Gomes in their 10-round lightweight battle tonight, Lulu Perez says he will be on his way toward the lightweight title.

"I win my last two starts in a breeze," said the peppery Perez, "and if I win this one I'll be starting a drive toward the light title."

"There's not much to beat. With champion Joe Brown still clever enough but grown' old and . . . well, you name another real classy one I can't."

Gomes, a Providence, R. I., featherweight who frequently goes against heavier fighters to get more bouts, is a 7-5 favorite to beat Perez.

The role of favorite stems partly from his knockout triumph over Bobby Rogers of Chicago last April in Gomes' only television appearance.

The fight will be held at a factory recreation hall in suburban Euclid. It will be televised and broadcast nationally over NBC starting at 9 p. m., EST.

This Manager Walt Alston of the Dodgers promptly denied with the retort: "Ask my pitchers."

Tebbetts claimed Gilliam first tried to get the Cincinnati rookie

Braves' 7 to 2 Victory Ends Pirates' Win Skein

Pittsburgh (P)—Pittsburgh and Milwaukee packed a lot of action into two hours and 27 minutes of baseball last night as the Pirates lost their 50th game and the Braves temporarily lost the services of Felix Mantilla and Billy Burton.

Both teams collected 12 hits but the Braves, aided by six Pittsburgh errors, came off with a 7-2 victory that halted the Pirates' four-game winning string.

Mantilla and Burton collided in the first inning while chasing Bill Virdon's bloop that was ruled a double. They walked off the field under their own power but Burton required eight stitches for a severely cut upper lip. Mantilla suffered a bruised chest.

The pirates lost Hank Poiles when the catcher jammed the middle finger of his throwing hand on a foul tip.

Bob Friend, seeking his third straight win and seventh of the year, was charged with his 10th defeat as he gave up four runs in the fourth inning. The clinching blow was Johnny Logan's fifth homer of the year with a mate aboard.

YOUNGSVILLE

Youngsville — E. Leo Johnson plans to attend the Warren County Development Association meeting at the YMCA in Warren Monday evening. Purpose of the meeting is to approve by-laws and discuss selection of a firm to make an industrial survey of Warren county.

Brokenstraw Grange met for a brief session in the Grange Hall Tuesday evening, and then went to Wilder Field for a picnic. Two visitors were present from Eldred Grange, Bob Meabon, a Pomona officer, and Clark Beers. Members were happy to welcome into their midst Frank Stephens, who has been ill for some time, but was able to attend the picnic.

Rain forced the BPW Club to cancel its steak fry planned for Monday evening at Wilder Field and each lunch in the clubhouse instead. Plans were discussed for going to Chautauqua one evening in August, and a committee was appointed to select a play. Members accepted with pleasure the invitation of Mrs. Evelyn Overturf to gather at her home for the September picnic-meeting.

Mr. and Mrs. Robert Bates returned Wednesday after a wedding trip to Canada and other interesting places. They spent a week at Port Elgin, Ontario. At Nyack, N. Y., they visited his cousin, Burkett Smith, his wife, and daughter, Joani. While there, they spent a day in New York. Also, they attended one of Billy Graham's meetings in Madison Square Garden, and spent a day at West Point.

BACK TO GEORGIA—Pvt. Will Merle Greenawalt, Jr., son of Mr. and Mrs. Merle Greenawalt of North Warren and grandson of Mr. and Mrs. Harry Jones, East Fifth avenue extension, has returned to Fort Gordon Radio School after completing basic training at Fort Knox, Ky.

Dashing Frames Perk Up Face

The girl who needs glasses can wear them and still be pretty in the opinion of Mildred Miller, Metropolitan Opera singer. She wears glasses in private life and thinks they should be conspicuous and dramatic. Here, she wears three pairs from her own collection, all of them in metal and in pastel colors. Sunglasses (left) are set in bronzy-gold frame. Have flexible metal bands at either side that are both decorative and handy for holding hair in place on a windy beach or in the car.

BY ALICIA HART, NEA Beauty Editor

IT'S a foolish gal who needs eyeglasses and is too vain to wear them. Aside from the damage she is doing to her sight, eyestrain induces fatigue, and she'll soon find herself tired and worn out when the people she is with are still bent on a few more hours of evening fun.

Nothing is more unattractive than squint lines around the eyes, and they're bound to become a permanent fixture for anyone who needs glasses and won't admit that she does.

It's a particularly silly attitude to take these days, too, for

glasses have come into their own. Frames are as feminine and glamorous as you could want them to be.

No one is more in the limelight than Mildred Miller, the lovely young mezzo-soprano of the Metropolitan Opera. Although she doesn't wear glasses onstage, she's interested enough in life, people and store windows to want to see what's going on, and she wears them as a matter of course when she's not performing.

Miss Miller is convinced that there's no such thing as an in-

conspicuous pair of specs, and feels that if there were, they'd be mousy and do nothing for you.

Selecting different frames is fun, and glasses can be an exciting addition to any costume. Many of the new frames do double duty. Some, for instance, come with ornamental metal strips attached to the earpieces, which can be bent around the head to make almost a complete bandeau. This type is excellent for sunglasses worn for active sports, for it keeps the hair in place.

For dress-up time, you can get

a frame that has an adjustable spray of flowers which can serve as an attractive hair ornament.

There are dozens of shapes and sparkling colors to choose from, and they will add a smart note to dress or play wear.

If you need to wear glasses, wear them with a flair. You'll be thrilled when that fuzzy, half-seen world you've lived in becomes clear and wonderful to behold.

There's no need to fear they will detract from your appearance. In fact, they'll probably add a dash to your looks that you never had before.

The loose suit jacket and the belted suit make the No. 1 and No. 2 suit silhouettes for fall. The loose jacket may be semi-fitted, boxy or straight. We show the belted suit with its companion coat (left) in green tweed by Davidow. The four-button coat covers a slim, belted suit. The straight jacket that rests lightly on the hipbones (center) is the suit look that every top designer likes. This one, in cadet blue wool, is by Harry Frechtel. Pockets are banded in leather; the jacket has flat brass buttons. From Christian Dior's American collection comes (right) this belted suit with longer jacket that's gathered and bloused at the back. Front has large patch pockets and scarf neckline. Many of the new suits come with their own overblouses.

BRIGHT FUTURE FOR STATE

The president of the State Chamber of Commerce feels prospects for increased industrial development in Pennsylvania have been enhanced by legislation exempting manufacturers from the capital stock tax. Willard F. Rockwell Jr., expressed that opinion last night at a dinner celebrating the 75th anniversary of the Bradford Chamber of Commerce. "We still need further revisions of our corporate tax structure to be able to meet competition with other states," Rockwell said, "but at least we're headed in the right direction."
